What assistance is being asked for? (Please use additional sheets as needed)

Volunteer Commitment (# of volunteers - hrs / wk): _____

Project Duration (one time involvement, continual involvement): _____

What is the Educational component?

What is the benefit to the Douglas County community?

Does the project or activity support our local extension program?

Are there expenses associated with the project / activity and how will they be funded?

Are there potential partners who could be invited to participate?

Is this project sustainable without the support of Master Gardeners?

Have all appropriate permissions been given by other involved parties?

Master Gardener programs / activities are a means to supplement and extend the K-State research and Extension education programs. The selected inclusion of this activity constitutes a volunteer opportunity for all of the Douglas County Extension Master Gardener volunteers. We are very selective in these opportunities and they must be approved by the Douglas County Extension Agent – Horticulture under the advisement of the Master Gardener Board Directors. We reserve the right to discontinue our support as we determine that it does not meet the educational mission of our organization or goes beyond the bounds as defined above.

K State Research and Extension – Douglas County
